Parents

The Black Belt Summer Camp will focus exclusively on black belt level material. Our goal is to better prepare our junior and youth black belts for anything life may throw at them. This is also a great preparation for their 2nd degree testing. Attendance in both camps is highly recommended.

***Space is Limited!
Only 20 students
for each Camp!

The **Black Belt Summer Camps** are specially designed for black belts only. In the camp, advanced martial art training such as ground defense, multi-attacker scenarios, and advanced weapon training will be practiced. The training in the **Black Belt Summer Camp** is designed to enhance the student's current abilities and push them to the next level in their martial art career. This will not be a "baby sitting" summer camp, it will be an intense and valuable training adventure!

Please note* This camp is only for active black belt students. Non-active black belt (not currently on a regular program) will not be allowed to attend the **Black Belt Summer Camps**. However, non-active black belt may participate in the regular summer camps.
